

Rulebook Accelerator

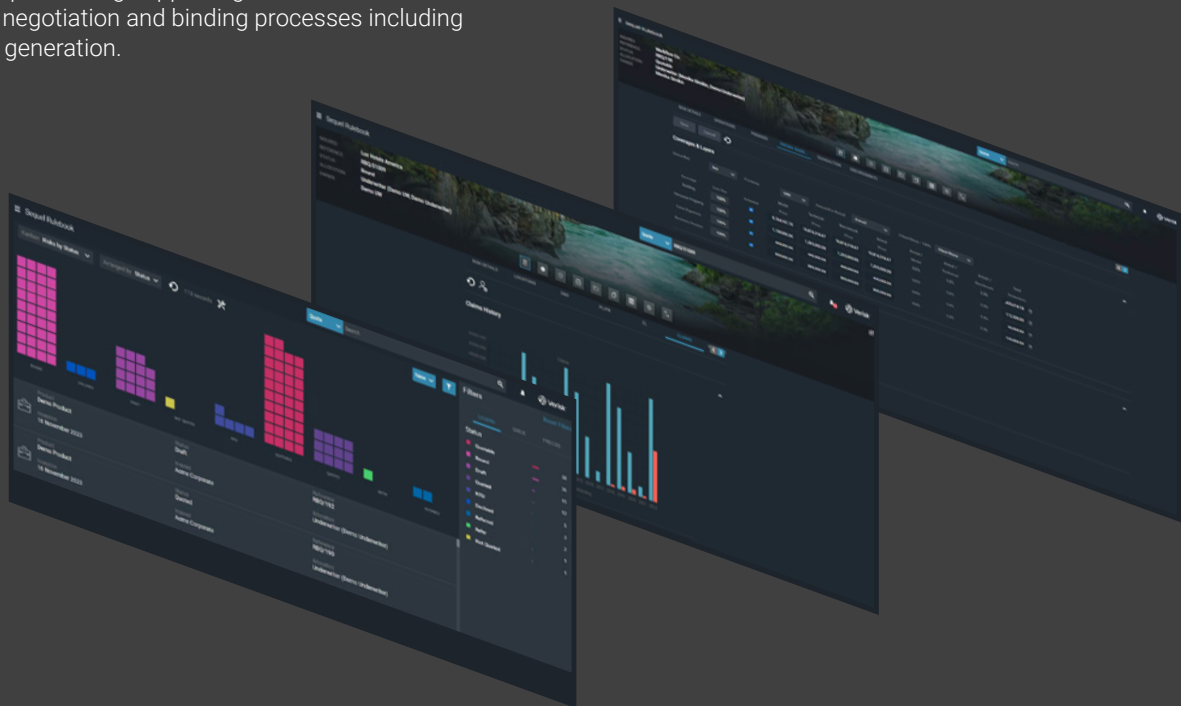

Digitized solutions for pricing,
underwriting and distribution

Rulebook Accelerator

Rulebook Accelerator enables Excess & Surplus underwriting organizations to digitize their rating and rules. Built on the Rulebook platform, Accelerator is an Out of the Box solution that provides pricing, underwriting and distribution for underwriters in the E&S specialty insurance market.

Your platform, your rules

A web-based platform hosted in the cloud that provides end-to-end processing supporting the full submission, quotation, negotiation and binding processes including document generation.

A deeper view into Rulebook Accelerator

Accelerator Benefits:

- Eliminate spreadsheets and reduce the potential of costly errors.
- Centralize and maintain all rate and rule changes.
- Improve the quality of underwriting guidelines and pricing changes with control and speed.
- Provide an auditable history of how price quotes are developed.
- Perform deep dive portfolio analysis with speed and accuracy.
- Tackle even the most complex risks.

Accelerator Competitive Advantages:

- Templated content enables faster speed to market.
- All-in pricing model provides clarity in cost of ownership.
- Reduce operating costs by automating the administrative tasks associated with rating and pricing, enabling staff to focus on data and underwriting results.
- React quickly to change when external conditions require.
