

Accelerate Your Workflow with XactPRM Connect

XactPRM® Connect: Powerful estimation, effortlessly integrated with PPW™

Did you know we've created a seamless connection between Property Preservation Wizard (PPW) and XactPRM? Stop switching between platforms. It's easy with XactPRM Connect!

The screenshot shows the 'Bid/Completion Notes' section of the PPW interface. A button labeled 'XactPRM Connect' is highlighted with a red box. Below the button is a table with columns for 'GROUP', 'ITEM/DESCRIPTION', 'QTY', 'UOM', 'PRICE', 'TOTAL', 'CLIENT', 'PRICE', 'TOTAL', 'COMMENTS', and 'DAMAGE VIOLATION HEALTH & SAFETY'. The table contains various items such as 'Adonis Test Item', 'Basements / Pools Needing Pumped', 'Debris Exterior', 'Debris Interior', 'Grass Recut', 'Initial Grass Cut', 'Inspection', 'Lock Boxes', 'Locks', 'Locks-Padlocks', 'Rooms With Mold', 'Trip Charge', 'Winterization (Dry)', and 'Winterization (Wet)'. Each item has a corresponding price and total value.

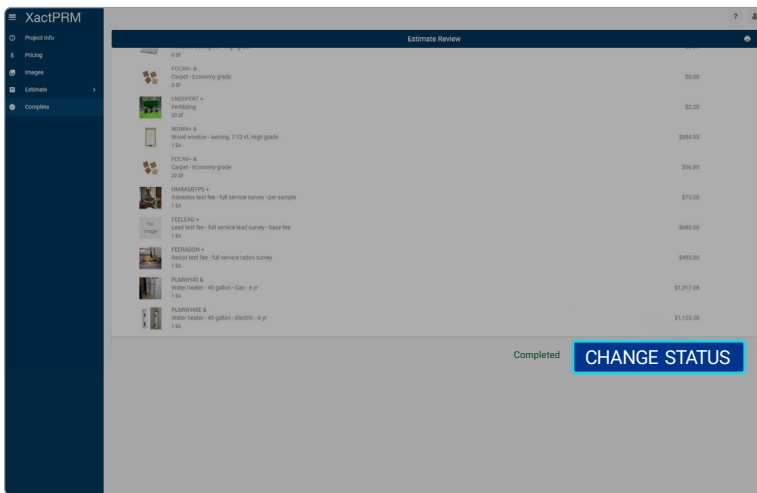

1 Access the connection:

Click "Connect to XactPRM" in the bid/completion info section of your PPW work order.

The screenshot shows the XactPRM home page. At the top, there is a 'Verisk' logo and a 'Login' button. Below the logo, the text 'XactPRM®' is displayed, followed by the tagline 'The superior property preservation and maintenance solution'. A green 'Order XactPRM' button is visible. The page features a background image of a house with a gabled roof. At the bottom, there are four icons representing different services: 'Repair Estimating', 'Industry-standard pricing data', 'Rapid field inspections', and 'Who we serve'. The text 'Faster, easier, more precise repair estimates' is prominently displayed at the bottom.

2 Log in to your account:

Click the login button in the top right of the XactPRM home page and enter your credentials.

3 Manage your project status:

Use the "Change Status" button to mark projects as "In Progress" or "Complete" as you move through your workflow. The data will then sync with PPW.

With XactPRM Connect, you'll:

Sync your data instantly

Pull bid and completion data directly from XactPRM to PPW in seconds

Eliminate manual entry

Reduce errors and save hours of duplicate work

Accelerate approvals

Submit pre-validated bids that move through the system faster

Stay current

Ensure every estimate reflects the latest regional pricing standards

Why XactPRM

XactPRM enables property preservation technicians to create precise, location-specific repair estimates that reduce process time by up to 30%. The solution streamlines workflows with easy-to-use templates that ensure consistent messaging between all parties while minimizing errors.
