

Arizona “Full and Final” Settlements – How ISO CP Can Help

Check List Item	ISO CP Service
MSA and related allocation Services	We offer a wide array of MSA services, including our proactive Pre-MSA line. These services provide an allocation of future Medicare related treatment and, upon request, can also include a projection of future non-Medicare related items. We also offer medical cost projection services.
Submitting MSA to CMS for review/approval	CMS Submission
Challenging CMS’ WCMSA Determinations	Our “re-review” services including MSA Second Look
Attestation – requires that claimant be provided with an outline of all reasonable anticipated future medical benefits related to the claim along with a projection of these costs and how this projection was determined.	Limited Allocation or Medical Cost Projection
Addressing Conditional Payments	Conditional Payment Identification/Negotiation (Case by case) CP Link (programmatic)
Determining Medicare and Social Security Disability Status	Social Security Disability/Medicare Verification
Section 111 Reporting	MSP Navigator Section 111 Audit/Review
Settlement Projects	Settlement Consultation Service
